

Autobahn ATB2

LED Roadway Luminaire

For more than 60 years, the American Electric Lighting name has been recognized for the highest quality and reliability in outdoor, utility and infrastructure lighting.

Designed to replace up to 1,000 watt HPS cobraheads, the virtually maintenance-free Autobahn ATB2 uses breakthrough LEDs and precision-engineered optics to provide exceptional illumination while also saving energy – typically 60% or more.

Plus, it works seamlessly with the Acuity Brands outdoor controls systems to maximize energy and maintenance savings through enhanced monitoring and control functions.

Lightweight, reliable and extremely efficient, the Autobahn Series is the definitive choice for roadway lighting renovation and improving sustainability in your infrastructure.

Key Selling Points

- High performance energy efficient solution for high speed roadways, highway access ramps, and area lighting applications
- 40-60% more efficient than comparable HID luminaires
- Sleek attractive dayform with weight and EPA less than comparable cobraheads
- Leading-edge optics improve visibility on roadways
- Nighttime Friendly™
- Tool-less features
- Designed to operate at 40°C ambient
- Best-in-class surge protection and efficacy (lpw)
- Protect against dirty power with XVOLT driver option
- **Municipalities:** Energy efficiency and holistic longevity make it the ultimate sustainable solution for renovating legacy streetlights
- **Utilities:** Lineman-friendly features make it easy to install; its long, reliable operating life reduces the hassle of lighting grid maintenance (especially when paired with ROAM smart controls)

Quick Facts

- 400-1,000 watt HPS replacement
- ANSI 20kV/10kA Surge Protection
- Weight~21 lbs
- Types 2, 3, 4, & 5 Distributions
- 3000K, 4000K & 5000K CCT, 70CRI minimum
- Network controls options available
- Removable "Power Door" standard

Applications

- Municipal Streets and Public Roadways
- Residential Areas
- Campuses
- Military Bases
- Industrial Parks
- Hotels and Resorts
- Municipal Parks
- Recreation Centers

Simplified installation and controls

The Autobahn Series provides a variety of user-friendly features that facilitate simple installation and maintenance to save you time and money. Enhancements like a removable power door and a variety of industry-leading surge protection options set the ATB2 apart from competitive alternatives. State-of-the-art controls from Acuity Brands are easily integrated into the system through the 3-pin or even the optional 7-pin photocontrol receptacle that future-proofs your LED investment against obsolescence.

Features & Options

Internal bubble level facilitates installation

Terminal block can be wired using only a flat blade screwdriver

Field-adjustable output module

Thumb-latch for tool-less entry

ATB2 removable power door

20kV/10kA "extreme" surge protection

10kV/5kA "enhanced" surge protection

Don't be left in the Dark

Get protection against dropped neutral and other power quality issues that surge protection devices can't address

- Protection against dropped neutral and other poor power quality issues
- Protects against issues that surge protection devices cannot
- 0-10V dimming suitable with programmable output current
- 277V-480V operating range in most configurations
- 50,000+ hour rated service life

The industry's best options in advanced photocontrols

DTL DLL Elite
20-year photocontrol

Effective Projected Area (EPA)
The EPA for the ATB2 is 0.78 sq. ft.
Approx. Wt.=21 lbs. (9.53 kg)
U.S. Patent No. D663,462

Warranty Five-year limited warranty. Full warranty terms located at www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx
